

INSURANCE NETWORK DISCLAIMER

Your insurance plan participates in Dentemax / Careington / DHA network. When we call to confirm your benefits we ask the insurance company which network they participate with and attach that contracted fee schedule to your insurance plan. If your insurance company participates in more than one of the networks above we are finding that they are randomly applying a network to the dental claims. The fees for each contracted network are structured differently. This may cause a credit or balance to remain on your account once the claim has been processed. We try to give an accurate dental treatment estimate, but due to this inconsistency from the insurance carriers this is not always a possibility. If you need **exact** payment of benefits, then a pretreatment is required. If you would like this done, you must specify to the office manager **before** any work is initiated.
